Demos Monday-Friday @ 10:30am | 1:30pm | 3:30pm

Questions to ask before purchasing a meal application processing solution:

- Does the software use ICR (character recognition) or INR technology?
- Can it find an application immediately after scanning before validation takes place?
- How does it handle new students (no record in POS) & returning students on the same application; do any of the students receive meal status determination prior to the creation of the new student?
- Can you view student applications from within the free & reduced or POS software?
- How is your software licensed? Is there a charge for every computer you install the software on?
- Can you access previously submitted applications during the validation? If so, how far back?
- Are you alerted if you break a USDA/DOE guideline? Can you correct errors while reviewing applications?
- Does it automatically create notes on broken USDA/DOE guidelines?
- What happens to applications with errors? Are tracking capabilities available?
- How does it check the application information successfully imports into the F&R? Is there an automated confirmation?
- When creating an audit CD, will it include notes, eligibility & prior applications from the same school year?

What RocketSCAN users are saying

"We would never go back to hand processing...we finished processing our applications in only five days, and they're already filed!" -- California district, 32 sites, 16,000 family applications

"Now that we use RocketSCAN I was actually looking forward to a CRE review! I sent the RocketSCAN Audit CD to the state, they reviewed it at their site, and they were done at our site in only one day!" --Florida district, 59 sites, 30,000 family applications

"For the first time in my career, I was able to take time off this fall!" --Georgia district, 103 sites, 40,000 family applications

Return on investment

Average annual savings per application = \$1.47 (Application processing ONLY!)

Sites	Scanned Applications	Labor Savings	Savings per Application
170	70,000	\$113,920	\$1.62
103	45,000	\$38,400	\$0.85
59	30,000	\$57,600	\$1.92
24	5,100	\$8,960	\$1.76
16	4,700	\$9,300	\$1.97
